

Small country, big on enterprise

Mike Southern
My Business

There is a deep-seated desire across the world to replicate the success of the Silicon Valley. But replicating success is not as simple as copying the recipe. It is an opportunity to create your own success and to learn from the mistakes of others.

Wishes had to look beyond the horizon

I have a particular interest in business wishing. I have seen many people who wish for success but do not know how to achieve it.

I have written before about wishes. I have written about wishes that are not wishes at all.

The wishes that I have seen are wishes that are not wishes at all. They are wishes that are not wishes at all.

covered an eclectic mix of consulting, property and internet-based business ventures.

All these were relatively successful, and I have kept up my list for the next opportunity.

To learn that I had found a provider of opportunity, it would be possible to see the benefits of having a business opportunity in my hands.

But that is not the only reason. It is also a matter of opportunity. It is also a matter of opportunity. It is also a matter of opportunity.

It is not that I would be of any value to you. It is not that I would be of any value to you. It is not that I would be of any value to you.

There is a great need for business wishing. I have seen many people who wish for success but do not know how to achieve it.

I have written before about wishes. I have written about wishes that are not wishes at all.

I have written before about wishes. I have written about wishes that are not wishes at all.

The wishes that I have seen are wishes that are not wishes at all. They are wishes that are not wishes at all.

When there's no Plan A

Business challenges

Some entrepreneurs are finding that the best route to success is dispensing with plans altogether, writes **Jonathan Moules**

Fewer TV pitches tonight. I might remember to mention that all plans are subject to change and that you should be prepared to adapt to change.

San Soule, chief executive of "Wishes-based" business development, says that his business model has been successful because of his ability to adapt to change.
